## International Journal of Bioresource Science

Vol. 10, No. 02, December 2023

### RESEARCH PAPERS

- Yield Prediction, Sensitivity Analysis and Calibration of DSSAT Crop Model for Different Cultivars, Establishment Methods and Nitrogen Levels in Rice (*Oryza sativa* L.) Under Normal and Varied Temperatures 149  
*Masina Sairam, Lalichetti Sagar, M. Devender Reddy, T.L. Neelima and V. Ramulu*
- Effect of Sulphur Fertilization and Dates of Sowing on the Growth, Yield Attributes and Yield of Sunflower under Coastal Saline Soil of West Bengal 159  
*Tanuj Kumar Mandal, Pijush Das, Bishal Mukherjee and Tadiboina Gopala Krishna*
- Impact of Micro Irrigation on the Growth and Yield of Tomatoes in Sandy Loam Soil 165  
*Santosh, D.T.*
- Effect of Extreme Drought on Reticulated Giraffe Population in Northeastern, Kenya 173  
*Mohamed Hussein Ali, Abdullahi Ali, Emmanuely Z. Nungula and Harun Gitari*
- Interactive Effects of Zai Pits and Conventional Practices with Soil Amendments on Soil Physico-chemical Properties 185  
*Serah, W.K. Muchai, Monica W. Mucheru- Muna, Felix K. Ngetich, Harun I. Gitari, Emmanuely Z. Nungula and Mary Baaru*
- Design and Development of Single Flight Horizontal Screw Conveyor Metering Mechanism for Disposing Vermicompost Manure into Subsurface of Soil 197  
*Abhishek Kumar and Jayant Singh*
- Comparative Analysis of Biochar with Co-composting of Organic Manure 209  
*Kirthana, R., S. Ivo Romauld, Akila, S., Varsha, K., Bhuvanewari, S., Sinduja, M. and Kalpana, P.*

### REVIEW PAPERS

- Impact of Conservation Tillage on Soil Properties for Agricultural Sustainability: A Review 221  
*Masina Sairam, Sagar Maitra, Upasana Sahoo, Chabolu Venkata Raghava, Santosh, D.T. and Urjashi Bhattacharya*
